

The First Baptist Church of Decatur, Georgia

Founded in the 1860's it covers 11 acres of beautifully landscaped grounds. Is 100% air-conditioned and has an auditorium with a seating capacity of 1800. Its 29 Sunday School Departments and five day week kindergarten are but a small part of its modern educational program. Truly a monument to the vision of its founders and progressive guidance of its leaders throughout the years.
